PROTECT YOUR BASEMENT FROM FLOODING

MONITORS YOUR MAIN SUMP PUMP

PumpSpy is the only system that checks on your main sump pump.

LASTS LONGEST ON BATTERY POWER

PumpSpy's backup pump keeps working when other backups quit.

RELIABLE AND DURABLE

Quality automotive grade components are sealed in waterproof epoxy to prevent corrosion and increase dependability.

MOST POWERFUL BACKUP PUMP

PumpSpy's backup pump pumps more per hour than any other backup system.

WARNINGS AND ALARMS

Audible alarms when necessary for your main sump pump, backup pump and battery charge.

LONGEST WARRANTY

Only PumpSpy offers a 3 year, full replacement warranty.

ALSO AVAILABLE:

Battery Backup for Internet/WiFi Connection

Features three outlets for 3-6 hours of backup power for your modem and router. Battery charges itself when power is restored.

24/7 MONITORING IN THE PALM OF YOUR HAND

PumpSpy's Wi-Fi connection connects your sump pump system to the PumpSpy Data Center. PumpSpy's computers will monitor your complete system, 24 hours a day.

Use the free PumpSpy App to unlock the true power of PumpSpy Technology! Now with more robust data, the newly redesigned app features:
